- You **HAVE THE RIGHT TO A SHOP STEWARD ANYTIME** you say you want one
- **Management SHOULD NOT** assign a shop steward to you.
- You may request a steward of your choosing, the company may inform you of stewards on shift.
- Stewards assist with understanding your rights, observe meetings between you and company, and escalate concerns to union leadership & other activists.

Gerry Loui

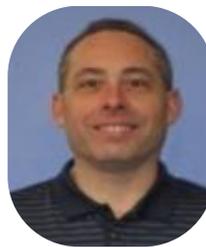

Never attend a closed-door meeting with management without your steward. Even if you expect the discipline to be minor, a steward will take notes, help you ask the right questions, while upholding your contractual rights
